

YOUR SMARTPHONE IS MAKING YOU SICK!!!

Which has more bacteria? The toilet seat you are sat on or the phone that is in your hand? Which of these 2 would you happily press against your face for 20 minutes after you leave this toilet?

You know the answer....don't you! It's making you feel just a little bit uncomfortable right now. So, what are you going to do about it? That's right, you're going to use your phone to get the answer.

We're saving you time....just zap the qr code, visit <http://goo.gl/0qLpav> or check it out on our website under "News and Views".
