

EXPRESS DETAILING

The Mytee Dry™ Upholstery Tool

Take your detailing to the racetrack with the Mytee Dry™ Express Detailing tool and stay ahead of the competition with the fastest drying times in the industry. The Mytee Dry™ is uniquely designed to clean headliners with an adjustable flow valve that eliminates soaking.

"It's not express detailing if it isn't dry."

Features the new 15' Hose-n-Hose™ vacuum and **internal solution hose** combo.

Easy access **adjustable flow** valve gives you the versatility to take on everything from headliners to floor mats.

Clear plastic head so you can see the dirt and grime you're extracting.

Maximum airflow for **faster drying times.**
