

IE410 Self-Contained Carpet Extractor is designed with experience and knowledge. It has the balance of solution pressure, cylindrical brush agitation, and vacuuming all at once. Stainless steel vacuum shoe and jet tips ensure maximum durability. 3-stage tangential vacuum motor allows for maximum water recovery. 10" wheel enhances maneuverability during transportation.

Features:

- Large recovery tank window
- 3-stage tangential vacuum motor
- Stainless steel vacuum shoe and jet tips
- 10" transportation wheel

Standard Accessories:

- 7.5m Hose Assembly
- Aluminum Handle Tool
- Steel Hook

Stainless steel vacuum shoe

Cylindrical brush and stainless steel jet tips

Large recovery tank window

Technical Specifications :

Power	W	1680
Voltage	v	220
Solution Tank Capacity	L	38
Recovery Tank Capacity	L	30
Water Lift	Inch	120
Air Flow	CFM	95
Solution Pump Pressure	P.S.I.	100
Cleaning Width	cm	41
Brush Motor	W/RPM	150/1400
Weight	Kg	43
Power Cord Length	M	15
Dimensions	cm	93×41×90
